# Trip Report

Date = 8 Feb - 2022.

## Introduction

This study trip for B.Sc - I and II students was conducted on 7 Feb 2022 to Krishi Vigyan Kendra, Gulbarga and Karnataka Milk Federation. This trip was conducted with 20 students and four lecturers.

This trip was organized with an aim to observe Biotechnology, pathology lab and Microbiology instrument with its working and explanation. We arrived the location at 10:30 am.

## Trip Objective

The objective of the trip was to know the working of instrument to explore plant species.. to observe the salt analysis, DNA isolation method as well as vermicomposting.

## Field observation

We were guided by Dr Vishal Yeri. He explained about all the instrument uses, operation and showed the technique of DNA isolation. Dr Zaher Ahmed Plant pathologist. showed different variety of Red gram, chickpea, Explained about rainfall. Varieties of green peas / chick peas with location. Also explained about Vermicompost.

After all students visited KMF they observed, Freezing, collecting chamber, storage room, Paner, Green chamber and also saw the packaging of milk and packaging of curd.

## Conclusion

Our trip ~~also~~ ended about 5:30 PM. It can be concluded that trip was successful and we believed that our objective was achieved we learned something new and beneficial for use. It was a well recommended trip especially for B.Sc-I, II (CBZ) students
