STUDENTS FEEDBACK ON CURRICULUM ASPECTS

2022-23

Student feedback in the assessment and learning process has the purpose to improve a student's performance. It is essential that the process of providing feedback is a positive, or at least a neutral, learning experience for the student. The student Satisfaction Survey regarding Teaching - Learning and Evaluation, which will help to upgrade the quality in higher education. A student will have to respond to all the questions given in the following format with her/his sincere effort and thought.

❖ Following parameters are considered while obtaining feedback from the students:

- To get information about teaching methods used in the classroom by the teachers.
- Whether the teachers are conducting the classes regularly or not.
- To analyze the student teacher communication in the college and classroom.
- Whether the students are satisfied with the process of evaluation in their subject's internal assessments test.
- To get the student opinion about the syllabus and curriculum.
- To analyze the divergence in student learning and inclusion in teachers classroom performance.

REPORT AND ACTIONS TO BE TAKEN AFTER ANALYZING THE OVERALL FEEDBACK RESULTS OF STUDENTS:

- According to the student feedback report, it was found that students of NEP course (especially science), are facing the difficulty in finding the reference books of their syllabus in the library and the faculties are working on it.
- It was found that the students need more practicality rather than theoretical based classes. And all the subject teachers are trying to apply the process "Learning by doing" in the classroom and in college environment.
- According to student feedback report, it was found that all students are satisfied with the curriculum, syllabus and teaching process. And also it is confirmed that the student-teacher coordination is going well.
- According to student feedback, in the present scenario, the students are facing problems with the time period given for the particular semester. As there is less time and more syllabus is provided for NEP students and all the teaching faculty are working hardly to overcome this difficulty.
